

Statement of reasons

The City Council of Norwich (Residents Car Parks) (Cavalry Ride) Amendment 2025

The Norwich City Council (“the Council”) proposes to make an order to amend The City of Norwich (Residents Car Parks) Order 1996 (as amended) to provide off-street permit only parking on Cavalry Ride

The reasons for this proposal are:

1. To allow for the administration of the Council’s Cavalry Ride off-street housing car park and to ensure that the unavailability of parking for residents of 1 – 15 Cavalry Ride and 90 – 98 Mousehold Street is addressed.
2. To change the Cavalry ride car park to a permit car park with permits only available to the residents of those properties mentioned in point 1 to ensure that this can be enforced by the parking team.
3. To improve the flow of traffic through the Cavalry Ride car park and manage the accessibility of the car park for all eligible residents.

The order is also amended to provide for the issue of electronic parking permits in line with up to date practices for managing residents’ car parks.
