

## **Public Protection (food & safety)**

### **Food Premises Inspection Report**

Name of business:	Caterlink @ Colman Infant School
Address of food business:	11 Colman Road Norwich NR4 7AQ
Date of inspection:	24/11/2025
Risk rating reference:	25/00850/FOOD
Premises reference:	24/00019/FOOD
Type of premises:	School
Areas inspected:	Main Kitchen, Storeroom
Records examined:	Cleaning Schedule, Training Certificates/records, Temperature Control Records, Pest Control Report, FSMS
Details of samples procured:	None
Summary of action taken:	Informal
General description of business:	School with catering

### **Relevant Legislation**

Food Safety Act 1990 (as amended)

Regulation (EC) No 178/2002 applied by The General Food Regulations 2004 (as amended)

Regulation (EC) No 852/2004 and No 853/2004 applied by Regulation 19 (1) of the Food Safety and Hygiene (England) Regulations 2013

Health and Safety at Work etc. Act 1974 and related regulations

Food Information Regulations 2014

### **What you must do to comply with the law**

The report may include **Contraventions** - matters which do not comply with the law. You must address all of the contraventions identified; failure to do so could result in legal action being taken against you.

As a guide, contraventions relating to cleaning, temperature control and poor practice, should be dealt with straight away.

Contraventions relating to structural repairs, your food safety management system and staff training, should be completed within the next 2 months.

Health and safety contraventions should be dealt with within 3 months unless otherwise stated.

To assist you the report may also include **Observations** of current practice, useful **Information, Recommendations** of good practice and reminders of **Legal Requirements**.

My inspection was not intended to identify every contravention of the law and only covers those areas, practices and procedures examined at the time of the inspection. If the report fails to mention a particular matter this does not mean you have necessarily complied with the law.

## **FOOD SAFETY**

### **How we calculate your Food Hygiene Rating:**

The food safety section has been divided into the three areas which you are scored against for the hygiene rating: 1. food hygiene and safety procedures, 2. structural requirements and 3. confidence in management/control procedures. Each section begins with a summary of what was observed and the score you have been given. Details of how these scores combine to produce your overall food hygiene rating are shown in the table.

Compliance Area	You Score					
Food Hygiene and Safety	0	5	10	15	20	25
Structure and Cleaning	0	5	10	15	20	25
Confidence in management & control systems	0	5	10	15	20	30
Your Total score	0 - 15	20	25 - 30	35 - 40	45 - 50	> 50
Your Worst score	5	10	10	15	20	-
Your Rating is	5	4	3	2	1	0

Your Food Hygiene Rating is 5 - a very good standard

### **1. Food Hygiene and Safety**

Food hygiene standards are high. You demonstrated a very good standard of compliance with legal requirements. You have safe food handling practices and procedures and all the necessary control measures to prevent cross-contamination are in place. Some minor contraventions require your attention. **(5)**

#### **Contamination risks**

**Contravention** The following exposed food to the general risk of cross-contamination with bacteria or allergens or its physical contamination with dirt, foreign objects or chemicals:

- scoop stored in dried ingredients i.e flour

**Legal requirement** At all stages of production, processing and distribution, food must be protected from any contamination likely to render it unfit for human consumption, injurious to health or contaminated in such a way that it would be unreasonable to expect it to be consumed in that state.

#### **Handwashing**

**Contravention** The following indicated that handwashing was not suitably managed:

- the hot water was too hot for comfortable hand washing, keep the plug near the wash hand basin

## Personal Hygiene

**Observation** I was pleased to see that standards of personal hygiene were high.

## **2. Structure and Cleaning**

The structure facilities and standard of cleaning and maintenance are all of a good standard and only minor repairs and/or improvements are required. Pest control and waste disposal provisions are adequate. The minor contraventions require your attention. **(5)**

### Cleaning of Structure

**Contravention** The following items were dirty and require more frequent and thorough cleaning:

- flooring underneath equipment
- flooring
- flooring behind chest freezer
- floor/wall junctions
- cobwebs and spider to ceiling to storeroom
- walls

### Cleaning of Equipment and Food Contact Surfaces

**Contravention** The following items are dirty and must be cleaned:

- underneath towel dispenser
- build-up of ice to chest freezer
- seals to chest freezer
- interior bottom to upright freezer
- microwave
- plastic curtain
- remove redundant equipment i.e fryer

### Cleaning Chemicals / Materials / Equipment and Methods

**Recommendation** I recommend that you obtain a sanitiser with a contact time of less than 5 minutes i.e 30 seconds

### Facilities and Structural provision

**Observation** I was pleased to see the premises had been well maintained and that adequate facilities had been provided.

### Pest Control

**Observation** I was pleased to see that the premises was proofed against the entry of pests and that pest control procedures were in place.

### **3. Confidence in Management**

A food safety management system is in place, and you demonstrate a very good standard of compliance with the law. You have a good track record. There are some minor contraventions which require your attention. **(5)**

#### **Type of Food Safety Management System Required**

**Observation** You were date labelling perishable foods appropriately and could demonstrate effective control over food spoilage organisms.

**Observation** Your SFBB/food safety management system was in place and working well. I was confident you had effective control over hazards to food.

**Observation** You had colour-coded equipment and effective separation between raw and ready-to-eat food at all stages in your operation.

**Observation** You were monitoring (and recording) the temperatures of your fridges and freezers as well as the temperature of cooked/hot-held food and could demonstrate effective systems for controlling bacterial growth and survival.

#### **Food Hazard Identification and control**

**Contravention** You have not identified these food hazards or the methods of control at critical points in your operation:

- cross-contamination

#### **Proving Your Arrangements are Working Well**

**Contravention** You are not working to the following safe methods in your SFBB pack:

- cleaning schedule as more attention is needed to cleaning

#### **Traceability**

**Observation** Your records were such that food could easily be traced back to its supplier.

#### **Infection Control / Sickness / Exclusion Policy**

**Observation** Policies were in place to prevent any infected food handler from contaminating food.

#### **Waste Food and other Refuse**

**Observation** You had measures in place to dispose of waste food appropriately and were employing the services of an approved waste contractor.

### Training

**Observation** I was pleased to see that food handlers had been trained to an appropriate level and evidence of their training was made available.

### Allergens

**Observation** You had identified the presence of allergens in your non-prepacked food and had brought this to the attention of your customers.
